* Were in last House of Assembly.

A Representative Assembly was first granted to this Colony in 1832, under the Governorship of Sir THOMAS COCHRANE. By the Constitution nine Districts were established, returning fifteen members, who were to hold their seats during Her Majesty's pleasure. In 1838 the members of the Assembly were elected for four years, and this term has been adhered to since that date. In 1854, upon the granting of Responsible Government, the number of members was increased at the instance of the Imperial Government, to thirty. In 1874, the membership was further increased to thirty-one, by the addition of one member to the number of those representing the District of Twillingate and Fogo. In 1882 the number of members was increased to thirty-three, by the erection of St. George and St. Barbe into Districts, with one member each. In 1885, after the publication of the Census of 1884, a partial re-distribution took place. The District of Twillingate and Fogo was divided, Twillingate retaining three members, Fogo was given one. Bay-de-Verde, to which was added part of the then District of Trinity, was allowed an additional member, as was also Harbor Grace. These alterations increased the number of members to thirty-six.

General Information to the Public respecting Money Orders.

The Post Office Department will not be liable for any Order after payment.

State correctly the Christian name and Surname of the person taking out the Order.

Should any alteration be made in the name of the person in whose favor an Order is drawn, a new Order will have to be issued and commission be paid thereon.

Unpaid Money Orders are legally void at the end of one year ; nevertheless, if any valid reason is adduced for delays in presentation, payment will be made upon application, subject to certain conditions.

To Postmasters.

Obtain from the presenter of a Money Order (whether he or she be the right owner or not) satisfactory information as to the Christian name, surname and address of the person by whom drawn. In the case of a firm, the name of the firm and address will suffice. When the Order is presented through a Bank, the Order, being properly signed, must also be crossed with the Banker's name.

Newfoundland Postal Telegraph Service.

POSTAL TELEGRAPH OFFICES are operated throughout the Colony at all the principal places. Messages of ten words, not including address or signature, are forwarded for 20 cents, and two cents for each additional word. A Government cable to Canso, C.B., connects with the Commercial Cable Co.'s system to all parts of the world. There is no more efficient telegraph service in existence.

A ten word message to Canada, exclusive of signature and address, costs from 85c to \$1.00

A ten word message to the United States, exclusive of signature and address, costs from \$1.10 to 1.50

Telegrams are transmitted by means of the Wireless service during the summer season, and all the year round to steamers equipped with the wireless apparatus, which are due to pass within the radius of each wireless station at Cape Race and Cape Ray.

LETTERGRAMS

Night Lettergrams are messages not exceeding fifty words that may be transmitted during the night, while the offices are closed for regular business, and are sent at the same rate as ten words in the daytime. Night lettergrams are accepted by the Commercial Cable Co'y, or any of the Newfoundland cable connections in the United States to all Postal Telegraph Offices in Newfoundland. They must be written in plain English, code or cypher words not being permitted.

Telegraph forms may be obtained at all Post Offices, and from Mail Clerks on trains and steamers; and if the sender wishes, the message may be left with the Postmaster to be forwarded by first mail to the nearest telegraph office, free of postage.

GENERAL DIRECTIONS TO THE PUBLIC.**Registered Letters.**

Register all valuable letters.

Always communicate to the Postmaster the loss or delay of letters, &c.

Letters for Canada should be addressed to the Province as well as at the Post Office.

Address letters, &c., legibly, and be careful to discriminate between places of the same name.

A letter once posted becomes the property of the person to whom addressed, and must be forwarded according to its directions. On no application, however urgent, can it be given back to the writer or any other person.

Letters containing gold or silver money, jewels, or anything liable to Customs' duty, cannot be forwarded by post beyond the Colony. In the Colony they *must* be registered. Always seal letters containing anything of value.

Letters addressed to mere initials will not be delivered unless addressed in care of a resident, or to some box in the Post Office.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the assorting clerks to decide whether they have been used before or not, will be sent to the Dead Letter Office for adjudication.

Unpaid and insufficiently paid letters and mailable matter, both local and foreign, will be charged on delivery with double the amount of postage unpaid.

Letters are liable for full rates of postage whether posted open or sealed.

Re-directed Letters.

Letters re-directed to places in Newfoundland, Great Britain, Canada and the United States, without being taken out of the Post Office, are not liable to any additional postage.

Request Letters.

Letters addressed to persons in Newfoundland, when sent in envelopes having written or printed thereon a request from the sender that the letter, if not delivered at the office addressed within a certain time specified in the request, may be returned to his address as requested, will be returned to the sender at the expiration of the time specified.

Newspapers.

Always fully pre-pay newspapers, or such will be taxed double the amount insufficiently paid. Unpaid newspapers will not be forwarded.

Pianos, unsurpassed for Quality of Tone and Touch.

A newspaper must have no cover, or a cover open at both ends, which can be easily withdrawn. It must contain no enclosure. It must have no writing thereon but the name and address of the person to whom it is sent.

Newspapers over four ounces are charged at book rate, 2c. per lb.

Books and Circulars.

A book packet must be left open for inspection, it must not contain any enclosure, nor must it exceed twenty-four inches in length, nor twelve inches in breadth or depth. The limit of weight of a book packet addressed to any place within the Colony, Great Britain, Canada or the United States, is three pounds. Postage, one cent per two ounces. Circulars, one cent each under two ounces.

Patterns and Samples.

Bona fide patterns and samples of merchandize, not exceeding twenty-four ounces in weight when posted in Newfoundland for places within Newfoundland, must be prepaid by postage stamp at the rate of one cent per two ounces weight, properly labelled, and put up in such a manner as to admit of inspection.

Packets of patterns and samples, addressed to any place in Newfoundland, can be registered on affixing thereto stamps to the value of three cents, in addition to postage stamps representing ordinary postage rate.

The limit of weight to Great Britain and British Possessions is five pounds; the United States, twelve ounces; and all countries in Europe, eight ounces. Postage—two cents for the first two ounces, and one cent for every additional two ounces.

No article liable to Customs' duty can be sent as sample or pattern to a Postal Union country.

Registration.

Every letter and packet intended for registration must be handed in at the wicket, and a receipt obtained therefor. On no account should it be dropped into the letter box. The registration fee must be prepaid on registered letters addressed to the Government Departments in St. John's, (except the Postal Department), and also on registers sent by the Government offices to the outports. The registration fee to places in Newfoundland is three cents, including official registration; to Great Britain, four cents; to Canada and the United States, five cents.

Letters containing coin, etc., will be forwarded in the Colony only (charged with double registration fee, if posted without being registered). Coins cannot be sent in letters outside of Newfoundland. Such letters will always be returned from D. L. O. to writer. Always obtain a receipt for registered letter or packet.

ST. PIERRE LIGHTS.

A *Revolving Light* on Galantry Head, giving white flash, lasting 8 4-10 seconds, followed after an interval of 9 6-10 seconds by a second white flash, lasting 8 4-10 seconds, then, after an interval of 12 6-10 seconds, by a red flash, lasting 8 4-10 seconds, another interval of 12 8-10 seconds, followed by the first white flash. Height, 210 feet above the level of the sea. Distance visible, 18 miles. The light is hidden at the northward by the high land of St. Pierre. Latitude $46^{\circ} 45' 43''$ N.; Longitude $56^{\circ} 9' 52''$ W. Tower square, 36 feet high, *painted white*.

The *South Channel* entrance to St. Pierre harbor is marked by two small fixed lights. One is white, illuminating three-fourths of the horizon; it is placed on the rocks at Pointe aux Canons. The other is red, and is placed on the plain at the north of the town. The White light is 36 feet above the sea level, and is visible six miles. The Red light is 56 feet above the sea level, and is visible three miles. The line connecting these two lights marks the middle channel. The Red light is so placed that as soon as it is seen on the left of Cape Aigle, vessels coming from Columbiar, in beating into the N. E. entrance, will be clear of the Cape Rodrigue Shoals.

Pointe a Leconte Light, situate on the west point of the Island of Dogs, 62 feet above the level of the sea, visible 7 miles. The light shows white between the bearings (from the tower) of S. E. $\frac{3}{4}$ S. and S. $\frac{1}{4}$ W. This white sector of the light marks the South-east passage, so as to permit vessels which keep within this cone to avoid the Bataille shoal on the right and Cape Noir and Bertrand Rocks on the left. It shows red from S. W. $\frac{1}{4}$ W., westward, to N. W. $\frac{1}{2}$ W., and should be avoided by vessels entering by the S. E. passage. It will enable them when they have quitted the white cone to come to anchor in the Roadstead or in the Barachois, by following the line of white light from Pointe aux Canons and of the red light from the interior of the town.

Pointe Plate (Langlade) Light; 1st order dioptric, visible twenty miles. Latitude $46^{\circ} 48' 54''$ N.; Longitude $56^{\circ} 24' 10''$ W. Light Tower *painted in black and white bands alternately*.

Cape Blanc (Miquelon) Light; revolving; showing 10 seconds in each minute; visible 16 miles. Shows white from North through W. to S. W., covering the Seal Rocks with a red sector of light. It also lights the entrance to Miquelon Roads, showing 230 yards north of the Chatte Shoals, which are thus left in darkness. The lighthouse is painted in alternate horizontal bands, *black and white*, Lat. $47^{\circ} 05' 57''$ N.; long. $56^{\circ} 24' 10''$ W.

Siren Trumpet, Plate Point, Langlade. Blast, 4 seconds ; Silent, 4 seconds ; Blast, 4 seconds ; Silent 48 seconds.

N.B.—Notice as follows received May 23rd, 1911 :

That owing to the reduced resonant power of the Fog Alarm on Gallantry, South Coast of St. Pierre, there will be a gun fired every half hour until further notice in addition to the sound of the Alarm.

N.B.—Notice as follows, received February 27th, 1912 :

That owing to the bad condition of the Fog Alarm of Point Platte (Miquelon), guns are fired there, during foggy or snowy weather, every 20 minutes, but those measures having not proved efficient enough, it is thought better to advise navigators to avoid the Islands during bad weather, until further notice is given.
